located in the fort it would meet the convenience of Basavangudi Chamaraj pet Sankarapuram & the fort - Now a question whether either the Anjanbatha patasale or the fort girls' school which are now situated within a furlong of each other in the city may not be shifted to the fort with great advantage -]

b In regard to a primary school there is already an aided school in Basavangudi & it is not said that it is at present inefficient simply because some people object to a mission school it is a doubtful policy to first subsidise a school to suit their convenience & then if they are so insistent they ought to start a private Hindu girls' school to which the fort may make a grant-in-aid in due course It seems to me that fort ought to take a perfectly neutral attitude in a question of this kind, not discourage the educational activity of mission bodies

"Paper under disposal" + T

The Inspector General of Education recommends the opening of a Government Girls' School in the Sankarpur Extension of the Bangalore City at a cost of Rs 75 per mensem for the convenience of the residents of the Basavangudi and Sankarpur Extensions

2 There is already a Private Girls' School in Basavangudi by name Sri Sarada Sadana Balika Pathasala having an attendance of 120 pupils which is - - maintained by private subscriptions and the President of the School has applied that the school may be converted into a Government School as it is difficult to meet the cost from private subscriptions

Enc to "Paper under disposal"

3 The Bangalore City Municipal Council is unwilling to open the school out of Municipal Funds

4 The existing Girls' School at Basavangudi is stated to be maintained in an efficient condition and I am of opinion that we should encourage private agencies as much as possible to provide educational facilities and leave the management to the enlightened members of the public There is no lack of such gentlemen in quarters of the city like Sankarapur and Basavangudi

5 I solicit sanction, therefore to give, as a special case, a grant equivalent to three-fourths of the cost of maintaining the school to the Sri Sarada Sadana Balika Pathasala for a period of two years for the present subject to the condition that the

school

school is maintained efficiently The Inspector General will be requested to make a further report at the end of two years whether the grant may be continued or it is necessary to open a new school

Female Education

The following points are respectfully submitted for kind and favourable consideration —

A school for high caste girls for Basavanagudi and Sankarapura Extensions having been found a desideratum one was started in July 1911, under the name of Sri Sarada Sadana, with four girls, under a lady teacher, poor and cripple, but pretty well educated in Kannada, Telugu and Sanskrit. It was located in a small house near Anjaneya Temple in Basavanagudi. As the number of girls rose soon to 25, and by October last year to 90, another house not far from it was taken up for rent. The strength of the school now is 160. Seeing the number is daily increasing I have applied to the Municipality for the use of a large quadrangular building, which is well situated between Basavanagudi and Sankarapura. It was originally intended for a

market

market hut is now unused It is hoped the building will soon be given for the use of the girls school

2 For the present I have appointed seven teachers two honorary and five paid It is expected that in course of time the strength of the school will rise to 250 Arrangements are made to teach Kannada, Sanskrit and English up to the Lower Secondary standard for the present, and also hygiene cookery needlework and music Three more teachers have to be employed, if possible lady teachers

3 The school is maintained from private subscriptions, which being precarious, an application is made to the Inspector General of Education for help or to take the school to Government management The papers I believe are with the Government now Early and favourable orders are solicited

3A In the Zanana Class there are a few elderly girls and women, taking lessons in the afternoons under the same lady teacher Provision will have to be made for some scholarships for destitute widows and orphan students

4 Besides the Maharanee's College there is no High School in the State for girls It is intended to develop

the

the Sri Sarada Sadana into a High School in course of time with the help of Government

5. For good progress in female education female teachers have mostly to be employed. For that purpose I have been pressing the Inspector General of Education for the last 25 years to establish a normal school to train female teachers Yet no steps have been taken to open one It is high time to open at least one training school for female teachers either in Tumkur or in Bangalore

6 The number of schools both for boys and for girls are increasing All of them are not thoroughly and timely inspected at least twice a year Three Inspectresses of Schools, one for each Division may be appointed

7 There are two Circle Inspectors at present One more may be appointed Survey to each Division a Circle Inspector for better supervision

8 Sanskrit being "matrabhasha" for all Indian languages ought to be encouraged.

In

-21)

In all towns and large village schools where there are two or more teachers it is desirable to appoint one of them who has passed at least the Lower Secondary Examination in Sanskrit to teach Sanskrit in the 3rd, 4th, and 5th classes. It will not only encourage and give appointments to many Sanskrit knowing people, but also feed the Sanskrit Colleges and Institutes in Bangalore and Mysore.

SIR

I have the honour to recommend the opening of a Government Kannada Girls' School in the Basavangudi Extension of the Bangalore City for the education of the infant girls of the Extension There is now a girls' School in that portion of the City managed by the Wesleyan Mission But the inhabitants state that the instruction imparted in that school is not suited to Hindu girls and consequently many parents have kept their girls idle at home since the Government girls' schools in Chamarajpete and the Petta are situated at a great distance Under these circumstances a Primary Girls' School may be kindly ordered to be opened in Basavangudi, the necessary provision being included in the State Funds Budget of 1912-13

2 I propose the following establishment at a total cost of

Sir

With reference to your letter No 1884/Edn 286-11-4 dated 28th August 1912 requesting that the President of the Bangalore City Municipal Council may be consulted as to whether the Municipality can open a Primary Girls' School in the Basavangudi Extension I have the honour to inform you that the President states that the Municipal Council is not in a position to open a school of the kind in the Extension referred to from the Municipal Funds A copy of the resolution on the subject passed at the meeting of the Municipal Council on the 28th September last is enclosed herein

Some of the leading inhabitants of Basavangudi Extension opened early last year a Private Girls School by name Sri Sarada Sadana Balika Pathasala and this school has at present an attendance of 120 pupils consisting of six classes Infant A B C and I II III with the following establishment -

1	Honorary Head Master	
2	Assistant Master	Rs 10-1-15
3	do	9-1-14
4	do	8-1-12
5	do (Sanskrit)	6-1-10
6	Assistant Mistress	6-1-10
7	Maid servant	3
8	House rent	7
¢	Contingencies	3
	Total	Rs 52

Mr S Varadaraja Iyengar, retired Sub-Judge who is the President of the school states that Kannada, Sanskrit and Engli being taught at present in the School up to the III standard the IV and V classes will have to be opened next year when two trained lady teachers on Rs 30 and Rs 20 have also to be appoi and requests that as the private subscriptions with which the is wholly maintained are precarious and ever fluctuating, Gover may be pleased to take over the school under their management maintain it at the cost of the State There are Government insti tutions at present in Chamarajpet and Malleswaram Extensions, and a Government Girls' School in the new Sankarpur Extension which will serve this extension as well as adjoining parts of Basavangudi Extension appears to be necessary I therefore recommend that Government may be pleased to sanction a Government school at a cos of Rs 75/- per mensem as detailed below and the provision included in the next budget -
